Practice 11

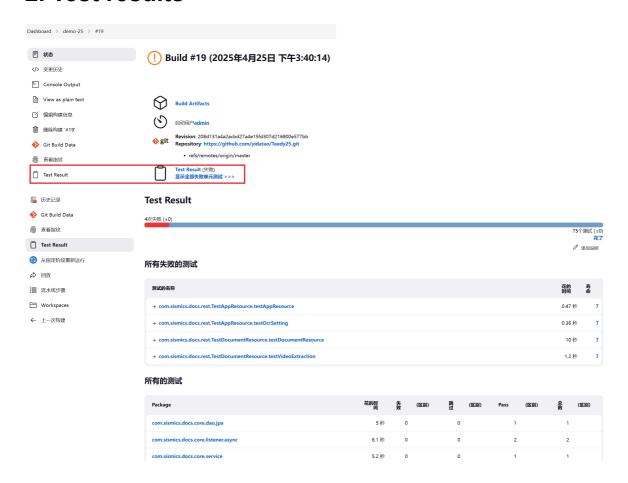

Deadline: Check onsite on or before week 13 lab (2 weeks for this lab because of the holiday).

Add Jenkinsfile to your Teedy project based on the tutorial. Execute the pipeline, and show us the following results.

1. CI pipeline execution:

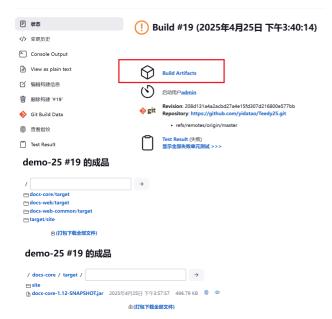

2. Test results

3. Artifacts

Demo the binary artifacts generated by the pipeline.

4. Site documentation

By clicking the index.html, you should see our familiar site documentation.
